

# Ring Around the Sun

Mandala Coloring Pages  
by Rachael R. Lang

In the early months of 2020, when the world was learning about COVID-19, I turned to hand-drawing mandala designs as a way to calm my thoughts and give me something creative to do as everything began to close.

Here are 21 of those drawings, provided in a collection for you to color.  
Hopefully they'll provide you some calm and creativity as well.

When printing, I recommend setting your printer for single-sided printing and using a paper thick enough to support your coloring materials.  
Cardstock will work well for most all supplies.
